Perkhidmatan Maklumat Elektronik

Pangkalan Data

SIRIMLINK

PERPUSTAKAAN UTAMA
KAMPUS INDUK
UNIVERSITI SAINS MALAYSIA
11800 USM
PULAU PINANG

SIRIMLINK menyediakan akses kepada maklumat teknikal dari SIRIM. Maklumat meliputi subjek seperti paten, abstrak dari artikel dan direktori pakar dalam bidang Sains dan Teknologi di Malaysia.

SIRIMLINK mengandungi 2 jenis pangkalan data.

PANGKALAN DATA LANGGANAN

1. STANDARDS

Online Malaysian Standards Catalogue mengandungi maklumat lebih 2,800 rekod Standard Malaysia. Memberikan maklumat bibliografi seperti nombor MS, tajuk, tahun penerbitan, abstrak dan standard lain yang berkaitan.

2. PATENTS

Menyediakan maklumat yang berkaitan paten yang diakui di Malaysia di bawah Akta Paten 1983 dan paten yang didaftarkan di bawah UK Patent Ordinance 1951 sebelum Akta Paten 1983 diluluskan.

3. ABSTRACT

Menyediakan maklumat bibliografi bagi artikel terpilih dari 300 jurnal dari pelbagai subjek teknikal.

4. MAST

Maklumat tentang pakar dalam bidang Sains dan Teknologi di Malaysia yang mendaftar di SIRIM Berhad.

5. REGULATIONS

Menyediakan maklumat berkenaan peraturan-peraturan yang berkaitan dengan teknikal dan perdagangan untuk membantu pengeksport Malaysia dalam pasaran dunia.

PANGKALAN DATA PERCUMA

1. LIBRARY ONLINE

Menyediakan akses kepada maklumat bahan di Perpustakaan SIRIM yang mengandungi 240,000 standard, 200 tajuk jurnal teknikal, 3000 laporan teknikal dan 10,000 bahan buku dari bidang saintifik dan teknikal.

2. SIRIMTECH

Mengumpulkan maklumat tentang ciptaan baru di SIRIM Berhad bagi tujuan komersial.

3. SIRIM ONLINE DIRECTORIES

Perkhidmatan ini menyediakan akses kepada 8 direktori iaitu:

- Quality Management System
- Environmental Management System
- Product Certification
- Inspection Services
- MS Catalogue
- Low Emission Diesel Engines
- Membership Scheme
- Sirim Tech Offer

SIRIMLINK provides access to a huge collection of technical information stored in SIRIM. The information covers subjects such as Patents, Abstracts from articles and a directory of Malaysian experts in science and technology.

SIRIMLINK contains two types of databases:

SUBSCRIPTION DATABASES:

1. STANDARDS

Online Malaysian Standards Catalogue of over 2,800 Malaysian Standards and publications available for purchase, searchable by MS Numbers, title and keywords. Gives information on the MS numbers, titles, year published, related standards, equivalent and identical standards, and other bibliographic details.

2. PATENTS

This database provides access to information on all patents granted in Malaysia, i.e. patents granted under the Patents Act, 1983, and patents registered via the UK Patent Ordinance, 1951, before the Patents Act came into force.

3. ABSTRACT

ABSTRACT is a database which provides a bibliographic listing of articles selected from over 300 periodicals on a comprehensive range of technical subject matters.

4. MAST

Online information on Malaysian Experts in the field of Science and Technology who have registered with SIRIM Berhad.

5. REGULATIONS

A collection of Technical & Trade-related Regulations to assist Malaysian exporters in the global market.

FREE ACCESS DATABASES:

1. LIBRARY ONLINE

Online access to SIRIM Library collection of technical materials covering 240,000 standards, 200 technical journal titles, 3,000 technical reports and 10,000 books of various scientific and technical fields.

2. SIRIMTECH

SIRIM Technology for Commercialisation database compiled all new invention and application by SIRIM Berhad. Designed for industries which are looking for new technologies for commercialisation, or in search of solutions to overcome their technical problems.

3. SIRIM ONLINE DIRECTORIES

SIRIM DIRECTORY SERVICES is a compilation of 8 free access databases in SIRIM.

- Quality Management System
- Environmental Management System
- Product Certification
- Inspection Services
- MS Catalogue
- Low Emission Diesel Engines
- Membership Scheme
- Sirim Tech Offer

The Directory Services give you the extra advantage by accessing into valuable resources.
